QAROO India Pvt.Ltd

BUSINESS SOLUTION PROPOSAL • 2026

Web Development

Fast, SEO-friendly business websites – from landing pages to full e- commerce builds. React, WordPress, or custom stacks based on your needs.

7 Services | **4** Stages | **8+** Tools

ABOUT THE COMPANY

Who We Are

Qaroo India Private Limited is a full-service company working across software development, branding and digital marketing. We build tailored solutions that fit a client's standards and vision, combining current technology with strategic creativity to develop, promote and elevate brands across India and beyond.

8	20+	2	360°
Business Solutions	Strategic Partnerships	Offices Nationwide	Full-Service Agency

Our Vision

To be a catalyst for digital transformation by empowering businesses through innovative software solutions, creative design and measurable marketing.

Our Mission

Develop software that solves real problems with precision, design intuitive digital experiences that elevate brand identity, and deliver work a client can measure.

WHAT WE DO

Core Services

Software Development

Custom web and mobile applications, full-stack builds and scalable enterprise systems.

Branding & Design

Logo design, visual identity, UI/UX and creative brand strategy end to end.

Digital Marketing

Search, social and growth marketing campaigns measured against real business metrics.

Strategy & Research

Business strategy, market and user research that decides where the effort goes.

One Team, Across Every Discipline

Strategy, design, engineering and marketing sit in the same team, so a brief does not change hands between agencies. Head office in Coimbatore, branch office in Chennai.

STRATEGIC ALLIANCES

Our Partners

Qaroo India works with a network of corporates, institutions and social enterprises. That network sits behind every engagement we take on, including the work proposed in this document.

Infosys Foundation

Supports underprivileged communities across India through initiatives in education, healthcare, rural development, arts and destitute care.

EduBridge

India's leading workforce development platform that helps learners build careers through training and career services with top corporates.

Atos Prayas Foundation

The CSR arm of Atos, offering education, vocational training and skill development programs for underprivileged communities.

AISECT

India's leading social enterprise driving inclusive growth in rural and semi-urban areas through skill development, education and ICT-based services.

Canara Bank

An Indian public sector bank based in Bengaluru, established in 1906. Also has offices in London, Dubai and New York.

SNS College of Engineering

An AICTE-approved multidisciplinary institution in Coimbatore, redefining intellectual and creative boundaries since 2007.

Nayago Educational Trust

A volunteer-based NGO founded in 2017 to create youth awareness on global opportunities and develop intra- and interpersonal skills.

Narayana Engineering College Nellore

A premier self-financing institution in Andhra Pradesh with state-of-the-art facilities fostering academic excellence since 1998.

"Lifetime Achiever" — World Women's Association, 2024

Awarded to Mrs. Suganya Priya Gobinath, Director, Qaroo India Private Limited.

THE PROPOSAL

Web Development

Your website is often the first impression a customer gets of your business. We build fast, SEO- friendly websites – from focused landing pages to full e-commerce builds – designed to convert visitors into enquiries and sales.

We choose the right stack for each project, whether that is a lightweight React build or a WordPress platform your team can manage itself.

Performance, clarity and search visibility are built in from the start, not bolted on later.

Services In Scope	Delivery Stages	Tools & Platforms	Sectors Served

ENGAGEMENT AT A GLANCE

4 Stages, One Team

1 Scope → 2 Design → 3 Build → 4 Launch

Why Clients Choose Qaroo For This

- SEO and Performance Built In
- The Right Stack for Each Project
- Conversion-Focused Design
- Transparent, Ongoing Support

SCOPE OF WORK

What Is Included

Everything below sits inside the Web Development engagement. Scope is agreed before work starts, so what is in and what is out is written down rather than assumed.

01
Business Websites & Landing Pages

02
E-Commerce Builds

03
Custom Web Applications

04
Website Redesign & Rebuild

05
SEO-Friendly Site Architecture

06
Site Performance Optimisation

07
Ongoing Maintenance & Support

TOOLS & PLATFORMS

What We Work With

- React
- JavaScript
- HTML
- CSS
- Node.js
- WordPress
- REST APIs
- Responsive Design

DELIVERY APPROACH

How We Run It

The Web Development engagement runs in 4 stages. Each one has a defined output, so you always know what has been done and what comes next.

01 Scope

Stage 1 of 4

- Define Goals and Audience
- Plan Pages and Content Structure
- Choose the Right Stack

02 Design

Stage 2 of 4

- Wireframe the Experience
- Design the Visual Interface
- Refine Responsive Behaviour

03 Build

Stage 3 of 4

- Develop the Frontend
- Integrate Backend or CMS
- Optimise Performance and SEO

04 Launch

Stage 4 of 4

- Test Across Devices
- Migrate Content and Launch
- Support and Maintain

One Team, One Point Of Contact

Strategy, design and delivery sit together, so nothing is handed between agencies mid-project and there is one person accountable for the outcome.

OUTCOMES

What You End Up With

The measurable result of the engagement, and the capabilities built into what we hand over.

Business Outcomes

- A Website That Actually Generates Enquiries
- Better Search Visibility
- Fast, Smooth Experience for Visitors
- A Platform That Grows with Your Business

Built In

- Fast Loading and Mobile-First
- SEO-Friendly Structure and Markup
- Clear Calls to Action and Conversion Paths
- Secure and Scalable Foundation
- A CMS Your Team Can Manage Where Appropriate

OUR COMMITMENT

How We Work

01 SEO and Performance Built In

02 The Right Stack for Each Project

03 Conversion-Focused Design

04 Transparent, Ongoing Support

WHERE THIS APPLIES

Fit & Context

Who this engagement is built for, the situations it suits, and the problems it is designed to remove.

Common Challenges

- A Slow or Outdated Website
- A Site That Gets Traffic but Not Enquiries
- No Clear Mobile Experience
- Poor Search Visibility

How We Address Them

- Build Fast, Mobile-First Websites
- Design Clear Conversion Paths
- Optimise Structure, Content and Markup for Search
- Deliver a Foundation That Is Secure and Scalable

TYPICAL SITUATIONS

When Clients Come To Us

- A Landing Page for a New Product or Campaign
- A Full E-Commerce Store
- A Business Website That Needs to Rank and Convert
- A Slow, Outdated Site in Need of a Rebuild

SECTORS

Industries We Serve

Startups | E-Commerce & Retail | IT Services
Education | Hospitality | Professional Services

ENGAGEMENT

How We Package This

Three scopes, so the engagement can start where it makes sense and grow. Every scope is quoted against your requirement rather than a fixed rate card.

ESSENTIAL

A focused engagement covering the core of the work.

- Business Websites & Landing Pages
- E-Commerce Builds
- Custom Web Applications

Pricing on request

GROWTH

The core plus the pieces that compound over time.

- Business Websites & Landing Pages
- E-Commerce Builds
- Custom Web Applications
- Website Redesign & Rebuild
- SEO-Friendly Site Architecture

Pricing on request

COMPLETE

The full scope, run end to end by one team.

- Business Websites & Landing Pages
- E-Commerce Builds
- Custom Web Applications
- Website Redesign & Rebuild
- SEO-Friendly Site Architecture
- Site Performance Optimisation
- Ongoing Maintenance & Support

Pricing on request

QUESTIONS

Frequently Asked

What stack do you use for websites?

It depends on the project. We often use React for fast, custom sites and WordPress when the client needs to manage content themselves. We recommend the stack that fits your goals.

Will my website be mobile-friendly?

Yes. Every site is built mobile-first and tested across screen sizes so the experience is consistent on phones, tablets and desktops.

Can you build an e-commerce store?

Yes. We build e-commerce sites with secure payments, product management and a checkout experience designed to convert.

FINAL PROPOSAL MESSAGE

Let’s Build This Together

Qaroo India Private Limited looks forward to delivering this Web Development engagement for your organisation. Tell us where you are today and what you need the work to achieve, and we will come back with a scope, a timeline and a quotation built around it.

Every engagement starts with a scoping call, answered by a real person — so the work is shaped around your business from day one.

Strategy + Design + Technology + Growth

Scope. Design. Build. Launch.
